

Cookie Policy

What Are Cookies?

Cookies are small text files stored on your device when you visit a website. They hold information that allows websites to recognize your device and preferences (like login information, language preference, or font size) over time. This can enhance your browsing experience by making websites function more smoothly and efficiently.

How We Use Cookies

At BotBuddy, we use cookies for several purposes:

- **Functionality:** We use cookies to ensure BotBuddy functions as intended. This includes remembering your preferences and settings, saving you from re-entering information during your session.
- **Personalized Experience:** Cookies help us personalize your experience by tailoring content and features to your preferences.
- **Analytics:** We use cookies to understand how users interact with BotBuddy. This data helps us improve the platform's functionality, user experience, and performance.
- **Security:** Cookies play a role in strengthening your account security and protecting your personal information.

Cookie Control

You have control over cookies through your web browser settings. You can choose to accept all cookies, block all cookies, or receive notifications when a website tries to store a cookie. However, disabling cookies may limit your experience on BotBuddy. We recommend accepting cookies for optimal functionality.

Security and Privacy

We prioritize your security and privacy. We use cookies responsibly and do not share sensitive information gathered through cookies with third parties.

Changes to the Cookie Policy

We reserve the right to update our Cookie Policy at any time. We will communicate any significant changes in advance. We recommend periodically reviewing this policy to stay informed.

Contact Us
